March 2025

We are excited to announce that the latest edition of the Directory of the Mashadi Jewish Community is currently in preparation. It will be the 50th Year Anniversary of the publication and we hope to make it the most thorough and accurate directory yet. Please carefully review the enclosed form on the reverse side with the information we currently have and submit any changes including names, addresses and phone numbers.

You can submit your approval or make any changes necessary online by logging on to: [www.umjcadirectory.com](http://www.umjcadirectory.com). In order to access your information, you will need to register your household by entering your unique Invite Code and create a password with your email as your username. Please find the unique Invite Code next to the corresponding household member in the enclosed form.

You may also return the physical copy with approval or any changes to the UMJCA office at Shaare Shalom, 54 Steamboat Road. You do not have to send in the form if you register online.

Every member of your household is encouraged to activate their accounts using their unique Invite Codes. Please be aware that our system allows only the Head of Household and their spouse to make changes to their children's information. Children of the household can only make changes to their own personal profiles. All changes will be reviewed by our admin staff before being accepted.

Activating your account not only grants access to the entire updated Mashadi Directory for searching, but also provides online access to many new UMJCA sponsored features, events, and programs in the future.

All newlywed couples who have not received their own separate copy of this letter will need to contact us to make sure they will be included in the directory.

The deadline for the Mashadi Directory updates is May 31, 2025.

Thank you  
UMJCA
